

AMAZE N GLAZE 3XC

ULTRA CONCENTRATED, FOAMING CLEAR COAT PROTECTANT

DESCRIPTION:

Ultra concentrated, green foaming clear coat protectant can be applied as a single color foam protectant or in a foaming arch as a foamy sealant.

Advanced protective agents form a durable, long lasting bond that provides instant shine and water repellency leaving your cars drier and shinier.

CONTAINER SIZES:

5-gal Pail, 15-30 gallon Drum

PHYSICAL PROPERTIES:

COLOR	Dark Green
ODOR	Green Apple
pH @ 100%	6
VOC's	<8%
SPECIFIC GRAVITY	~1.0
FORM	Aqueous

CAUTIONS: Eye Irritant

Contains: Quaternary Amines & Glycol Ether! This is a heavily dyed substance. Wear adequate eye and skin protection when handling. Store at room temperatures and out of direct sunlight.

ADVANTAGES:

Apply as single color foam to enhance a wash package or use as a foamy sealant in a spray arch.

Advanced protective agents form a long lasting bond on all surfaces creating high shine, repellency and protection.

Produces green foam and a strong green apple scent!

DILUTION RATIOS:

Dilute 1:270-540+ (10-30 mL per vehicle)

Your customers will notice the difference!
