

BERRY/CHERRY SEALER

ECONOMICAL CLEAR COAT SEALANT

DESCRIPTION:

Concentrated drying agent/sealant removes water from old or new vehicle surfaces leaving them dry and shiny.

CONTAINER SIZES:

30-55-gal Drum, 275-gallon Tote

PHYSICAL PROPERTIES:

COLOR	Red
ODOR	Fruity
pH @ 100%	6 to 8
VOC's	<10%
SPECIFIC GRAVITY	~0.97-0.98
FORM	Aqueous

CAUTIONS:

Contains: Quaternary Surfactants: causes extreme eye irritation. Wear adequate eye and skin protection when handling. Store at room temperatures and out of direct sunlight. Eye Irritant! Do not freeze or expose to temperatures under 40 °F.

ADVANTAGES:

Enhances vehicle shine!

Economical concentrate works effectively and affordably on old or new surfaces.

Berry or Cherry Scent!

Cold weather stable!

Use in low or high pressure applications.

DILUTION RATIOS:

High or Low Pressure: Dilute 1:120-300+.

Concentration will depend on the amount of water on the surface.

Adjust until optimal performance is achieved. Start strong and slowly decrease concentration to pinpoint the best performance and application cost.
