

# BOOST-IT LO

## HEAVY DUTY ACIDITY BOOSTER

### **DESCRIPTION:**

Ultra concentrated solution serves as the acid or lo pH source when used with our AllChem T-100 and AllChem F-100 in a dual draw application system.

### **CONTAINER SIZES:**

5-gallon, 15-30 gallon

### **PHYSICAL PROPERTIES:**

COLOR	Blue-Green
ODOR	Detergent
pH @ 1%	1.0-2.0
VOC's	None
SPECIFIC GRAVITY	1.20-1.30
FORM	Aqueous

### **CAUTIONS:**

Contains Phosphoric Acid and other proprietary ingredients: causes severe irritation, burns and sores. Wear adequate eye and skin protection when handling. Store at room temperatures and out of direct sunlight.

### **ADVANTAGES:**

Draw this solution with AllChem F-100 or T-100 to create an unsurpassed cleaning solution or with other lo pH: high pressure soaps, pre-soaks, wheel cleaners to improve the cleaning performance!

Increases cleaning, detergency and hard water stability.

Ultra concentrated.

Reclaim Compatible!

Brightens chrome and painted surfaces!

Dual draw Hydrominder assemblies available!

### **DILUTION RATIOS:**

Simply inject in with a dual draw dilution system at the following ratio for:

Touch Free 1<sup>st</sup> Pass Pre-Soak: 1:270-450

Lo pH Detergent: 1:360-900

High Pressure Soap: 1:500-1500

Wheel Brightener: 1:25-64

Additional Cautions:

Do not allow to dry on the surface applied to.
