

# COLOR GUARD 3XC

ULTRA CONCENTRATED TRIPLE FOAMING CLEAR COAT POLISH

## **DESCRIPTION:**

Ultra concentrated, clear coat polish produces a high amount of clinging foam that cleans and shines then repels wash and rain water from the surface!

## **CONTAINER SIZES:**

5-gal Pail, 15-30 gallon drum

## **PHYSICAL PROPERTIES:**

|                  |          |
|------------------|----------|
| COLOR            | Dark     |
| ODOR             | Tropical |
| pH @ 100%        | 7 to 9   |
| VOC's            | <6%      |
| SPECIFIC GRAVITY | ~1.0     |
| FORM             | Aqueous  |

## **CAUTIONS: Eye Irritant**

Contains: Quaternary Amines and is a heavily dyed substance. Wear adequate eye and skin protection when handling. Store at room temperatures and out of direct sunlight.

## **ADVANTAGES:**

Repels wash water when applied and continues to bead water on the surface long after wash.

Creates noticeable surface gloss.

Vibrant colors with strong tropical scent appeals to all customers.

Use single color to enhance your middle wash package purchases!

Keeps following friction materials cleaner!

## **DILUTION RATIOS:**

Dilute 1:300-600+ (5-10 mL/car) for best results!

*Your customers will notice the difference!*
