

# ELITE PREP

## HEAVY DUTY ACIDIC FLUORINATED PRE-SOAK

### **DESCRIPTION:**

Our strongest lo pH pre-soak allows for consistently clean vehicles!

When used as the 1<sup>st</sup> step in 2-step wash processes you will experience a near perfect clean time and time again!

### **CONTAINER SIZES:**

30-gallon, 55-gallon, 275-gallon

### **PHYSICAL PROPERTIES:**

COLOR	Blue
ODOR	Pungent
pH @ 1%	1.0
VOC's	None
SPECIFIC GRAVITY	1.03-1.06
FORM	Aqueous

### **CAUTIONS: Corrosive & Toxic**

Contains Hydrogen Fluoride. Will cause severe irritation, burns or sores. Wear adequate eye and skin protection when handling. Store at room temperatures and out of direct sunlight. Read MSDS to understand all health hazards associated with this product. Sales restrictions!

### **ADVANTAGES:**

Super concentrated, heavy duty pre-soak is suited for cars, buses or large trucks.

Performs in the most demanding situations completely and consistently removes windshield masks and tough body films when paired with one of our premium hi pH products!

High foaming!

Designed for lo pH / hi pH wash processes!

Surfactants are reclaim compatible!

### **DILUTION RATIOS:**

Apply as the first pass diluted 1:75-150 in a 2-step lo pH / hi pH wash process.

Heat solution to 110-125 F for best results. Allow to dwell for 20-30 seconds before applying the Hi pH pass. Do not allow to dry on the surface.
