

# HI N MIGHTY

HEAVY DUTY, HI pH PRE-SOAK

## **DESCRIPTION:**

Heavy duty, hi pH, foaming detergent designed to be used as the 1<sup>st</sup> or 2<sup>nd</sup> step in a 2-step vehicle wash process.

Aggressive alkaline, detergent and solvent cuts through layers of mud, film and other particulate soils fast!

Whether you are cleaning cars or trucks this versatile product is a perfect fit.

## **CONTAINER SIZES:**

15-30-55-gallon, 275-gallon

## **PHYSICAL PROPERTIES:**

COLOR	Yellow
ODOR	Detergent
pH @ 1%	12.5
VOC's	None
SPECIFIC GRAVITY	1.15-1.20
FORM	Aqueous

## **CAUTIONS:**

Contains Sodium Hydroxide: causes severe irritation, burns and sores. Wear adequate eye and skin protection when handling. Store at room temperatures and out of direct sunlight. Do not apply to polished aluminum!

## **ADVANTAGES:**

Designed to wash cars to large trucks this solution is a perfect fit in any wash system.

High alkalinity and special detergents work fast removing the toughest films and grime from all surfaces.

Super concentrated blend uses 30% less chemical than regular hi pH concentrates in your typical frictionless car wash.

Readily Biodegradable! Fast rinsing and is a good foamer!

Reclaim Compatible!

## **DILUTION RATIOS:**

2-Step Frictionless Car Wash (lo pH / hi pH):  
Apply 2-3 ounces per vehicle diluted to 1:70-100.  
Not recommended to apply stronger than 1:60.

2-Step Truck or Bus Wash:  
Apply solution diluted 1:50-90  
Heat solution to 110-125 F for best results. Allow to dwell for 20-30 seconds before rinsing. Do not allow to dry on the surface.
