PREMIUM, SOLVENT TIRE DRESSING FOR PAD APPLICATORS

DESCRIPTION:

Specialty silicone blend with solvent can be applied manually or in automatic online pad style applicators. Our selection of low odor solvent and a special blend of silicones-polymers make this dressing a popular and unrivaled choice!

CONTAINER SIZES:

5-gal, 30-55-gal drum

PHYSICAL PROPERTIES:

COLOR	Clear Blue Liquid
ODOR	Slight petroleum
SOLUBILITY IN H2O	Insoluble
VOC's	NE
SPECIFIC GRAVITY	0.83-0.86
FORM	Aqueous

CAUTIONS:

Cautions: Combustible Liquid
Use eye and skin protection when handling any chemical solution. Store at room temperatures and out of direct sunlight! Keep away from open flames.

Read MSDS for safety concerns!

ADVANTAGES:

Produces that "wet" looking glaze on tires and trim!

High viscosity blend: keeps it evenly dispersed in automatic pads, stays wet and prolongs pad life from wear and tear.

Can be applied automatically or manually!

Highly concentrated product uses less per application!

DIRECTIONS FOR USE:

Automatic Applicator:

Use 2-3 oz per vehicle. Amount used may vary depending on the style of the pad application system.
