

# WORKS PLUS

HI pH FOAMING, WHEEL & TIRE CLEANER

## **DESCRIPTION:**

Super concentrated cleaner with lots of solvency for those super stubborn oily, soils and extra dirty white-letters.

Removes that bronze look that tire dressings create after becoming dirty producing deep black tires, brighter white letters and clean rims every time.

## **CONTAINER SIZES:**

5-gal Pail, 30-55-gal Drum, 275-gallon Tote

## **PHYSICAL PROPERTIES:**

COLOR	Yellow-Green
ODOR	Pleasant / Ether Like
pH @ 1%	11.5-12.5
VOC's	<10
SPECIFIC GRAVITY	1.04-1.08
FORM	Aqueous

## **CAUTIONS: CORROSIVE**

Contains: Sodium Hydroxide, Sodium Metasilicate and Glycol Ether. Causes severe irritation or sores if gotten on skin. Wear adequate eye and skin protection when handling. Store at room temperatures and out of direct sunlight. Not for use on polished aluminum!

## **ADVANTAGES:**

Fast acting solution with solvent boosts the penetrating power removing brake dust, oils and films from tires and wheels.

Can be used effectively for many other cleaning tasks!

Readily biodegradable detergents!

High foaming!

Citrus scent!
